EXPERIENCE

HubSpot, Remote - *Customer Support Specialist*

January 2026 - June 2026

- Provided customer support for HubSpot users, helping troubleshoot product issues, answer platform-related questions, and guide customers toward effective solutions.
- Used strong product knowledge to support customers across HubSpot tools, workflows, and account setup, ensuring clear and practical guidance.
- Collaborated with internal teams and followed support processes to ensure accurate, consistent, and high-quality customer experiences.

Púca Scents, Remote - *Founder*

January 2024 - PRESENT

- Manage day-to-day business operations across product production, stock planning, marketing, customer communication, and sales.
- Plan and produce handmade products based on sales trends, inventory levels, and customer demand.
- Support customers by answering product questions, recommending suitable items, and guiding purchasing decisions.
- Create social media content to promote products, build brand awareness, and increase customer engagement.
- Manage e-commerce activity, local sales, product listings, pricing, and order fulfilment.

Shopify, Remote - *Technical Merchant Support/Support Advisor*

Technical Merchant Support: October 2024 - January 2026

Support Advisor: August 2021 - October 2024

- Supported Shopify merchants across email, phone, and chat, resolving technical and platform-related issues within SLA expectations.
- Troubleshoot issues involving storefronts, themes, apps, payments, orders, account settings, and platform functionality.
- Used internal tools and product knowledge to investigate issues, identify root causes, and escalate bugs or complex cases.
- Acted as a go-to resource for colleagues, assisting with complex technical questions and sharing platform knowledge.
- Supported onboarding and training for new agents, helping them build product knowledge and support workflow confidence.
- Collaborated with teammates, developers, and internal stakeholders to improve merchant support outcomes.

Telus International, Mahon Cork - *Escalation Agent/Customer Support Specialist*

Escalation Agent: April 2021 - August 2021

Support Advisor: April 2019 - April 2021

- Supported fintech users with product setup, API-related queries, integrations, and general troubleshooting.
- Handled customer support cases across fintech products, helping users resolve account, product, and technical issues.
- Reviewed cases escalated to Tier 2, validating issues and routing cases to the correct support level.
- Provided Tier 1 agents with real-time case guidance, troubleshooting support, and product knowledge.
- Documented context and resolution steps to help agents resolve similar issues more effectively.
